## General Manager's Report

Demolition has begun on the tennis courts and it is so exciting watching the progress unfold. The new courts are set to be completed this spring, just in time for some summer fun! We will be posting updates on our Lake Camelot Office Facebook page if you would like to follow along!

I would like to emphasize the importance of stopping by the office to provide your deed and information if you have recently moved into the community. It's crucial that we receive the updated homeowner information for our records. Additionally, we have welcome baskets that we'd love to give you if you're new to our community! A reminder that I did not ask for the ages of the children living at home on the information form sent with the dues invoices. We will be making phone calls to everyone to ask the ages of the children, but would appreciate it if you could email or call the office with that information as well. This information is important for usage of the amenities during the summer.

We are getting excited for summer here in the office and are looking forward to seeing everyone out and about this season!
